

AZEEM AZIZ

BS Computer Science Student | Backend Developer (PHP & Laravel)

Karachi, Pakistan | azeemaziz077@gmail.com | +92 329 3980 730 | [LinkedIn](#) | [GitHub](#)

SUMMARY

Intermediate full-stack web developer with hands-on experience building complete web applications using PHP, Laravel, and MySQL. Currently pursuing BS Computer Science at SZABIST University and an ACCP - AI diploma at Aptech. Comfortable working independently on projects end-to-end, from database design to frontend implementation, with a strong interest in building production-level applications and growing into a professional full-stack developer.

SKILLS

Frontend: HTML, CSS, JavaScript, Bootstrap

Backend: PHP, Laravel

CMS: WordPress

Database: MySQL, SQL Server

Tools: Git, GitHub, VS Code, XAMPP

PROJECTS

Movie Booking System | PHP, MySQL, JavaScript

- Built a full-stack movie ticket booking platform where users can browse movies, select seats, and book tickets online.
- Developed an admin panel to manage movies, theaters, and show schedules.
- Designed the database logic for the seat booking system (bookings and booked_seats tables) to prevent double booking of seats.
- Implemented user authentication (login/signup) for a complete booking workflow.

Portfolio Website | HTML, CSS, Bootstrap

- Designed and built a personal portfolio website to showcase skills, projects, and contact information.
- Structured the site into About, Skills, Projects, and Contact sections with a clean, responsive layout.
